Program Summary:

The Police Department provides routine law enforcement activities to protect life and property through enforcement of state laws and City Ordinances through a combination of proactive, reactive and community policing techniques. It also provides communications services including dispatching for the Police department, Fire department, Sheriff's office, Department of Public Safety, ambulance service, 911 service, and other communities as needed. The other area of service encompassed within this department is Animal Control which provides enforcement of animal control ordinances, catching animals running at large in violation of the ordinances, investigating rabies cases, and picking up dead animals.

The activities involved in providing these services include traffic law enforcement, crime prevention and detection efforts, criminal investigation, apprehension of violators, appropriate communications, animal control, and related activities.

Program Summary:

The Levelland Municipal/Hockley County Airport is jointly owned by the City of Levelland and Hockley County and is classified as a General Business Airport by the Federal Aviation Administration and the Texas Department of Transportation. The City and County each have an equal interest in the facility and all major projects such as capital improvements or large maintenance and rehabilitation projects are funded on that basis. In order to simplify the day to day operations of the Airport and to give people a single contact point on most Airport related questions, the City of Levelland provides the administrative oversight and most of the routine maintenance done at the Airport. Airport revenues go into the Airport Operating Fund and are used for the general operation of the Airport. Any shortfalls must be made up by the City and County.

In order to provide on site services such as fuel sales and handling hangar rentals the City and County have contracted with a private individual to serve as Airport Manager. This individual is also an FBO (Fixed Base Operator) on the airport. The Airport Manager handles the actual daily operations at the Airport, coordinates maintenance activities with the City, and works with the State and Federal Aviation Departments to make sure that all requirements are being met.

Airport and runway construction and major maintenance is very expensive and would not likely be possible without State and Federal grants. About every five to seven years a major rehabilitation project - usually well over \$1 million - is required to keep the airport safe and meeting federal airport standards. These improvements are largely funded by state and/or federal grants, with grant funds usually covering 90% of the project costs. The local required match is shared equally by the City and the County. Smaller grant programs, such as the annual Routine Airport Maintenance Program (RAMP), is normally able to be handled through the operating fund.

Most of the airport property was purchased decades ago prior to the discovery of significant petroleum reserves in Hockley County so the mineral rights were transferred with the property to the City and County. In FY 2014-15 petroleum development occurred in the area and the airport began receiving oil royalties on those mineral rights. The royalties are paid directly to the City and County with each receiving 50% of the payments. The City and County each hold their 50% share of airport property royalties in their respective General funds. In order for the airport to remain eligible for future state and federal grant funding, these royalties, as with all airport income, must be used for airport purposes only. The City and County have each committed to this and each has agreed to transfer an equal amount back to the Airport operating fund when additional funds are needed by the airport.

The overall mission of the Airport is to meet the local aviation needs of the community and have adequate facilities available to handle the corporate flying needs of the business community in a safe, effective, and efficient manner.
